Volume 19, 2024

Editor in Chief:

Geoffrey Z. Liu, San Jose State University (USA)

Associate Editor-in-Chief:

Ewa Ziemia, University of Economics in Katowice (Poland)

Managing Editor: Eli Cohen, Informing Science Institute (USA)

Publisher: Elizabeth Boyd; Informing Science Institute (USA)

Editors:

Zaenal Akbar, National Research and Innovation Agency (Indonesia)

Ahmad Samed Al-Adwan, Al Ahliyya Amman University (Jordan)

Natasha Boskic, The University of British Columbia (Canada)

Dimitar Grozdanov Christozov, American University in Bulgaria (Bulgaria)

Dirk Frosch-Wilke, University of Applied Sciences Kiel (Germany)

Maureen Tanner, University of Cape Town (South Africa)

Dale Trott, Central Queensland University (Australia)

Masoumeh Zibarzani, Alzahra University (Iran)

The mission of the Interdisciplinary Journal of Information, Knowledge, and Management (IJIKM) is to provide readers with the widest possible coverage of the use of information and technology to effectively create, apply, and communicate knowledge in organizations. In addition to manuscripts that center on knowledge acquisition and sharing, agent-based systems, neural networks, genetic algorithms, learning systems, and natural language processing, we welcome manuscripts on a wide range of topics relating to the organizational use and management of information and technology.

IJIKM publishes scholarly conceptual, theoretical, and empirical manuscripts on the use of information technology to enhance organizational performance. Submissions to the journal should be readable and understandable by a wide audience. Manuscripts should therefore also focus on practical application or illustration of the issues covered, rather than merely providing a mathematical or technical coverage, which would be more suitable for a specialist journal.

All manuscripts are submitted and reviewed electronically. We provide our published authors with the widespread readership that comes from publishing all manuscripts online, free of charge. This approach ensures that published works are read and cited by the widest possible audience.

IJIKM is an academically peer-reviewed open-access journal. All submissions are blind refereed by three or more peers. JITE articles are published online on the web site <http://ijikm.org>

IJIKM is listed in Cabell's Directory of Publishing Opportunities in Educational Technology & Library Science, Cabell's Directory of Publishing Opportunities in Management, EBSCO, Index of Information System Journals, Ulrichs.
